

GREEN AWARD

1. GENERAL INFO

Company name ☐ NL ☐ FR ☐ EN
 First name Name ☐ Mr. ☐ Mrs.
 E-mail

2. WISHES TO ENTER THE FOLLOWING MACHINE, PRODUCT OR APPLICATION

Product
 Brand
 Type

Please return the completed form and include pictures, additional documentation and/or technical information.

3. CRITERIA FOR PARTICIPATION IN THE GREEN AWARD

- The machine, the product or the application considers its future recycling, given circular economy.
- Substantial reduction of emissions and/or fuel.
- Substantial reduction of the environmental impact.
- The machine, the product or the application is made out of sustainable materials.
- The machine, the product or the application complies with criteria that are durable, green or ecological.

General criteria

The machine, product or application:

- is not a version, nor a copy of an existing one.
- is a recent development that was introduced not more than 1 year ago.
- has already gone into production, and is no prototype.
- is displayed during MATEXPO at the booth.

4. DESCRIPTION OF THE MACHINE, PRODUCT OR APPLICATION

.....

5. MADE IN BELGIUM?

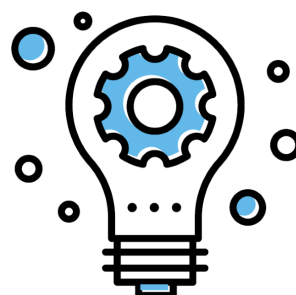

☐ Does the entry involve a Belgian invention? (If yes, tick the box)

If you tick this box, it is possible that the product/machine/application will receive a special mention 'Made in Belgium' during the Official Opening.

6. PROCEDURE

- The Matexpo Awards are open to all exhibitors participating in MATEXPO 2023 who are registered prior to 15/05/23.
- An entry can only be entered in 1 category (Green or Innovation or Safety Award)
- All entries for the Matexpo Awards must reach the organisers in one of the following ways prior to 15th May 2023:
 - o By e-mail to awards@matexpo.com. If you do not receive confirmation of receipt within 7 days after sending the e-mail, please send a second e-mail to awards@matexpo.com
 - o By registered letter
- The judging panel is made up of purchasers and the logistics and technical managers of construction companies as well as from individuals active in the earthmoving, road construction, transport, ...
- The judging panel alone will decide the extent to which each entry meets the criteria set for each type of award
- The members of the judging panel will give a points score for each entry
- The president of the judging panel is a person appointed independently by MATEXPO. He will collect and tally the point scores. The final ranking will not be disclosed to the members of the panel.
- The president of the judging panel will place the rankings under seal and submit them to the organisers 6 weeks before the show so that the organisers can use the results in the communication messages sent out the day after the winners are announced.
- After the judging is complete, the parties submitting the 3 highest scoring entries for each category will be notified at random to enable them to be present when the winners are announced on the Tuesday before the show at the official opening ceremony. It is agreed that the three winners will make a 1-minute video about the winning product / machine / equipment so that these videos can be screened at the official opening ceremony.
- At the official opening ceremony for MATEXPO, the top 3 nominees will be announced for each category. The winner will be invited to come up on stage to receive the Award. The entrants finishing second and third will receive a certificate.

INNOVATION AWARD

1. GENERAL INFO

Company name ☐ NL ☐ FR ☐ EN
 First name Name ☐ Mr. ☐ Mrs.
